ATM Safety & Security

ATM's can be located just about
anywhere, and they are available 24/7.
ATM's provide outstanding
convenience, but also require a
sharper focus on security.
As with all financial transactions,
please exercise discretion when using
an automated teller machine (ATM) or
night deposit facility.

FOR YOUR OWN SAFETY, BE CAREFUL. THE FOLLOWING SUGGESTIONS MAY BE HELPFUL.

- Don't accept assistance from anyone you don't know when using an ATM or night deposit facility.
- Minimize your time at the machine.
- Compare your records with the account statements you receive.
- When you make a transaction, be aware of your surroundings.
- At a drive-up facility, make sure all the car doors are locked and all of the windows are rolled up, except the driver's window.
- Don't display your cash; pocket it as soon as the ATM transaction is completed and count the cash later when you are in the safety of your own car, home, or other secure surrounding.
- Protect your ATM card as if it were cash and report lost or stolen cards immediately.
